***Note: We calculate time to program completion based on *final graduation date*. This occurs after the internship year, and in many cases as much as 9 months after all requirements, including internship, are completed, because students often wait to graduate in university ceremonies until the following May.

***Thus, actual time spent in residence on average, excluding internship, is approximately 1 year less than the numbers below.

6 Mean number of years students take to complete program from time of first matriculation.

7 Median number of years students take to complete program from time of first matriculation.
